Dedication . . . Mr. Paul Jutras

A very special person to the Class of 1991 was Mr. Paul Jutras. He, along with Mrs. Casey and Mr. Watterson, helped to organize fundraisers, Powderpuff, the prom, and many other activities. However, to many of us, Mr. Jutras was not only just a teacher and advisor, but also a friend. Mr. Jutras was always willing to put in that extra time, and because of that he has proven to be an invaluable advisor, teacher, and mostly a caring friend. Entering high school is an extremely frightening experience for most people, and Mr. Jutras was one of those people who made us feel welcome.

Mr. Jutras' enthusiasm and commitment has attributed to the great success of the Class of 1991. As we prepare to follow our separate paths, let us not forget those we leave behind. If it were not for Mr. Jutras, we would not have the many wonderful memories that we will carry with us forever. These memories we will always treasure. Although our four years at Attleboro High School may not have been the best years of our lives, it was here that we've begun to realize our potential for success.

Thank you, "Jute" from the entire Class of 1991, for your dedication — we dedicate this yearbook, along with our continued success, to you.

Class of 1991 Advisors

Mr. Thomas Watterson

Mrs. Casey, Mr. Watterson and Mr. Jutras were there for us from the very start — our Freshman year. They gave their time to make our high school years fun, interesting, successful and, of course, years to remember. It was easy to take these people for granted — they were not always seen doing the things that made our class run smoothly. They have had the patience to deal with us, the understanding and knowledge to guide us, and the kindness to help us.

Thank you Mrs. Casey, Mr. Watterson and Mr. Jutras for being "The Wind Beneath Our Wings."

Mrs. Susan Casey and Mr. Paul Jutras

Mr. Jutras, Mrs. Casey and Mr. Watterson

The Wind Beneath Our Wings

We all need someone to be there for us when we don't quite know ourselves what to do. Someone to listen, understand, and help. Someone who pushes us to strive to be our best and reach for those seemingly unattainable goals.

Through high school, these people are especially important, for without them it would be almost impossible to survive. Our teenage years, and all the stress that goes along with them, are very difficult to handle alone. That is why the friendships we make are so very precious to us. Friendships not only with other students, but with our teachers, who push us to strive to be our best mentally. Our coaches and activity directors want us to succeed in those sports and activities that we have joined. The administrators and guidance counselors help us to decide on our futures and what courses we need to take, making sure that we have the best high school experience possible. The friendships we make with our parents are especially important, and their support is invaluable.

These friendships will last through the years, and the support we receive could be just what we need to change our lives.

We, the class of 1991, thank everyone who stood by us through our four years, everyone who has been "THE WIND BENEATH OUR WINGS."

Gretchen, Julie, Jenn, and Heather take time from their busy schedules for a picture.

Mark, Karalyn, and Dave enjoy their time together.

Girls take time for a picture before lunch.

Trina and Stephanie are always there for each other.

What enthusiasm!

Come on, Kyle, lighten up!

Between Classes

The five minutes between classes is just enough time to go to your locker and head towards the other side of the school for your next class. Of course while you are going to your next class, there are plenty of opportunities to drop your overdue books off at the resource center, pick up that most important dismissal slip from the house office, swap notes with passing friends, and look over your notes for the test next period. If these things have been taken care of, there is always the most popular option of standing in the doorways, corridors, corners, or any other free space to talk, talk, talk. But there is always the dreaded ringing of the bell that marks the end of another memorable five minutes.

Matt and Shelley — hanging out in the halls.

Gina and Jenn say "peace."

"Here I am. You can take the picture now."

It looked like pizza but I'm not sure what it was.

Lori tries to cheer Colleen up with a little joke.

Luis asks "Did you see that?"

"Are you serious?"

Kristy asks Bill about Saturday's football game.

Lunchtime

Lunchtime is one of the highlights of every student's day. As soon as the lunch bell rings, everyone is crammed into the cafeteria looking for a seat.The place is noisy and everyone is finally awake and having a great time. The topics discussed during lunch vary from table to table. Whether it be weekend plans, that huge trig test, or the cute new boy in English class — everyone is enjoying themselves for once in the day. Not only is lunchtime a great time to catch up on the latest gossip, but it is also a much needed break. Sometimes the day can seem excruciatingly long and lunch may be the only time to relax. It wouldn't be fair not to mention all of the cramming that goes on during lunch. Lunch just wouldn't be right if there weren't a few students studying for a test the next period, right Seniors? Unfortunately, lunch must come to an end, but not to worry — see you again tomorrow!!

The lunches aren't that bad, if you have a cold.

"Want some?"

Crystal, Sherri, Shelley, and Loulou are ready to relax and enjoy their lunches.

Mmm . . . tastes good!

Wade wanted chocolate, not strawberry!

Julia knows that an apple a day keeps the doctor away.

Juice, thermos, or milk? Decisions, decisions.

Stacey says "Wouldn't you like to know what we're talking about?"

Memories of Days Gone By

The highlights of our four years at Attleboro High School will be long lasting memories for 1991 graduates. Every senior will have a memory of his/her first day at AHS. Especially the girls, who spent two hours styling their hair and then the rain came! Another fantastic event was our first pep rally. All of us were confused,but eventually we found out what to do — follow what the upperclassmen were doing, of course. Selling magazines was definitely a lot of fun. Best of all was the Freshman Social, the beginning of our social life at the high school.

As Sophomores the first day, though important, was less intimidating, because we were more familiar with our surroundings. On Thanksgiving, our float won first place at the Homecoming game. An important event that will be well remembered throughout everyone's life was ordering our class ring. We all waited impatiently until the rings arrived. We only had them long enough for our parents to realize that they had paid for a ring that we gave to our girlfriend or boyfriend. The Sophomore Gathering at the Elk's was our first semi-formal away from the high school.

As Juniors and upperclassmen we began to make more serious college and work choices. The arrival of a new superintendent brought about many procedures and curriculum. The Junior Prom, our first formal, was held at Demetri's Red Snapper. The music that night was great, and everyone seemed to be dancing and having a good time.It was clear how we had all matured in the past three years, and everyone looked like kings and queens. We wished the night could have lasted forever.

As Seniors we had many new and exciting challenges. Important decisions about our futures needed to be made. College and job applications and SAT's were some of the tasks we had to complete. Many important social events kept our calendars full. Senior dances, receptions, the prom and banquets were important parts of our senior year.

Graduation is sure to bring bittersweet moments for all. Excited as we were at the prospect of beginning a new stage in our lives, we are and will be filled with nostalgic thoughts of leaving behind old friends and old memories. We promised ourselves that those close relationships we formed during the past four years would last well beyond graduation day.

As each passing year continues, we will all be faced with new challenges. Whether it be starting a business or starting a family, never forget all the wonderful moments we all had at Attleboro High School. Good luck to each and every one of you!

Kristan Brask
Class of 1991

So Jeff, who's your friend?

Our award winning "Roast North" Homecoming float.

Jamie gets an amusing answer to a question from Dennis and Keith.

What is Julie so happy about?

Howdy, Y'all!

Are you talking to me?

Nikki and Michelle — friends forever.

JUNIOR PROM

"I Remember You"

Go Ravi, Go Ravi!

April finally came, and everyone was filled with the near sickening anticipation of the Junior Prom! Our first chance to really go all out and have a wonderful time. When the day finally arrived, excitement was in the air. Many of us tried to get dismissed so that we could go home to eat and get ready (hoping that we wouldn't lose our lunch). After we were ready, two hours ahead of time, we could finally be on our way.

Everything was perfect. The limo or Dad's car was crowded, but the sight of the rainbow on the ride to Demetri's Red Snapper made everything just right. Waiting in line to get in was sheer agony; everyone telling everyone else how great they looked, and wishing they could just go inside and sit down. When we were in and somewhat relaxed, it was picture time. After pictures, the dancing got off to a slow start, but as soon as dinner was done, everyone was ready to party. And we just kept going all night.

None of us will ever forget our Junior Prom. Many of us probably have very special memories of that one slow dance with a close friend, or all the fast ones with all our other friends. These memories will last forever and will remind us of all the great times we had our junior year.

The class of 1991 thanks our advisors and officers who worked so hard to make the prom so special.

The entire gang gets down.

What are Shane and Kevin doing?

Are we having fun yet?

The queen and her court.

It wasn't that funny, Mike.

"Lost In Your Eyes"

Michelle is all smiles.

The Sophomore Gathering was held at the Attleboro Elks Lodge. We were more at ease that year, compared to our first dance. We were aware of all the time and effort that went into setting up this formal dance. The Elks Lodge was beautifully decorated with balloons and flowers. Everyone was so excited to be there for the chance to get decked out and step out in style.

Cindy flashes those pearly whites.

ave and Kelley take a break from dancing.

Chris and Robin dosie doe!

These guys always have something to smile about.

Kevin and Tim are having BIG fun!

Yup, we're ready.

FRESHMAN SOCIAL

"Save Your Love"

Kristin and Scott — Peace!

It's hard to believe how long ago it was that we were dancing around in the pit, with stars hanging from the ceiling. Actually it's funny to think back upon. Our Freshman Social is something we will always remember because it was our first semi-formal dance in high school. It's interesting that our first school dance was in the pit, because it is a common place that we transformed into a special place for a very memorable night.

ecky Gonsalves — getting into the groove.

Nicole and Seth check out the guys on the dance floor, but Robin has something better to do.

Mark and John are here, we can start now.

Here we are!!!

Hey, Paul! What do you call that dance?

Where's the party?

THE SENIOR CHRISTMAS DANCE

Snowflakes and Mistletoe

As our senior year dwindles on, there is one event that will always belong to only the seniors and that is the Senior Dance. On December 7, 1990 the student forum was magically transformed from "the pit," to a Christmas palace decorated with snowflakes, balloons, and a Christmas fairy tale. As we finally start to realize that this is our last year together, the memories of our Senior Dance will always be special to the class of 1991.

REMEMBER US!

As we say good-bye
to our high school years
We remember the memories
and hold back the tears
For it's those years that made us
what we are today
Each of us individuals
in our own special way
Now the door is closing
The end is near
The next stage of our lives
is almost here
Thank you dear A.H.S.
for the time you spent
Making us our own selves —
Making us all a shade different

JUNIORS

FULL OF SPIRIT

The most spirited class has had a great junior year. We had an awesome time at the prom, our fundraiser went well, powderpuff was fun, but the best thing was winning spirit week. We proved that there are spirited people at A.H.S., and our advisors: Mrs. Izzi, Mrs. Haggerty, and Mr. Sutherland are some of them. I would like to thank our advisors for helping to make our junior year a memorable one.

Spirit is very important and the Class of 1992 has proven that we have the spirit.

SOPHOMORES

MAKING THEIR YEARS MEMORABLE!

Coming in as Freshmen last year the Class of '93 had to adjust to many different changes. At first it was really hard, but we all helped one another. Somewhere between Freshman and Sophomore year our class as a whole has matured. We have established a place for ourselves in school on various athletic teams, and with our many groups of friends. The spirit of this year's Sophomore class has increased tremendously. When it comes to representing our school in these activities or participating in competitions among other classes at A.H.S., we are always right near the top. We excel as individuals; we excel as a class; we are the Class of '93!!!

Tobi Piasecki
Class President

Class officers: (President) Tobi Piasecki, (Vice President) Mike Friedman, (Secretary) Nicolle Sprague, (Treasurer) Donny Groft.

lass Advisors: Patricia Bradbury and Mary Blythe.

Class Representatives: (front to back) Kerry Mulhern, Melissa McCormick, Beth Oldmixon, Mary Beth Haggerty, Steve Houle, Andy Haggerty.

FRESHMEN
MAKING THEIR WAY TO THE TOP

It has been a privilege to represent our class as President and Vice President. Our class started out with a lot of adjustments. The adjustments turned into challenges as many members of our class joined extracurricular activities like sports or other organizations. There are so many things to look forward to our next three years here at A.H.S. We hope that the class of 94's spirit continues to increase over the years.

We thank our advisors Mrs. Baker and Mrs. Moriarty for always being there for guidance. We'd also like to thank all the freshmen, including the other officers and representatives who extended their time and efforts in class projects, like fundraisers and our float. Thanks to everyone, including the Class of '91 who made us feel a little more at home.

STUDENT COUNCIL
THOSE WHO LEAD THE WAY

Student Council is a very important part of A.H.S. as well as the entire city of Attleboro. The members work incredibly hard to help welcome the new students, including the foreign exchange students. They make everyone feel important and noticed in such a big school and also keep some students from getting totally lost on that awful first day of school. Student Council also adopts a family both at Thanksgiving and Christmas so they too will enjoy some Holiday spirit. Some other activities include the Youth and Elderly Conference, Candy-Grams at Christmas, and various flower sales throughout the year. Thanks to all student council members and also to Miss Sollitto for a terrific job!!

Kristin and Heather are always ready to help each other.

Gretchen Koback hard at work.

Crystal Turner flashes a friendly smile!

Tammy Felix has an idea for a fundraiser.

Anthony is always there to help his fellow classmates.

Tadd thinks of some ideas for the rally.

Carolyn and Tobey are looking forward to the next meeting!

NATIONAL HONOR SOCIETY/STUDENT ADVISORY COUNCIL

MODEL STUDENTS HELPING OTHERS

The National Honor Society devotes its energy to serving the school and community. We have held fundraisers to benefit local charity organizations, as well as the school's computer fund. The N.H.S. Peer Tutoring Program matches up students in need of extra help with those who can offer their own knowledge and experience in the subject. It is the objective of the National Honor Society to recognize the academic excellence of the students at Attleboro High School, and to help others achieve higher standards in learning.

SUPA — SUBSTANCE USE PEER ASSISTANCE PROGRAM

IT'S SUPA!

Just what is SUPA, anyway? It's students helping other students learn more about substance use — what, when, why . . . and how and where to get help if substance use has become a problem in your life.

In the drop-in center, peer assistants offer support and information for making it through the tough times without using drugs. But don't take our word for it. Take theirs. What is SUPA? "Safe . . . help . . . someone to listen . . . great resource . . . support . . . videotapes . . . good food . . . comfort . . . confidential . . . caring . . . fun."

CLOSE-UP

EXPERIENCING GOVERNMENT FIRST HAND

Saddam Hussein invaded Kuwait. George Bush organized a U.N. Coalition and over 500,000 American military personnel headed off to the Persian Gulf.

The unemployment rate in Massachusetts hit 8.2% as the nation fell into a recession. Budget deficits and bank failures continued to challenge government leadership.

Each year, students at A.H.S. have an opportunity to "Experience" how the National Government handles the difficult problems facing the nation: crime, health care, AIDS, the Soviet Union, etc.

The program is Close-Up — a week long Government Studies Program that takes place in Washington, D.C. Students raise the tuition cost and have a weekly discussion prior to their trip to the Nation's Capital.

KEY CLUB/S.A.D.D.

GIVING BACK TO THE COMMUNITY

S.A.D.D., Students Against Driving Drunk, is a group of dedicated students opposed to drinking and driving. Two years ago the program was reinstated because of the growing need for awareness. Since then the group of students has expanded and anyone can join.

This year we have been successful in getting the news across about our concerns. Through banners and booths at the Home Show in Mansfield, the community and school population have been informed of the hazards of driving drunk.

It is a popular misconception that S.A.D.D. is against drinking in general and that the student must be alcohol-free. This is not the case. The contract states that rather than getting into an intoxicated person's car, or driving themselves intoxicated, the student will instead call for a ride.

Our purpose in S.A.D.D. is to help people, students, realize that a ride is only a phone call away and that friends don't let friends drive drunk.

Jobs for Bay State Graduates is a program for seniors. It prepares students for life after high school. Throughout the course we learned many different employable skills such as resume writing, public speaking and telephone techniques.

Throughout the course of the year we attended many job-outlook programs. This year was a blast! In November we attended the "official" Initiation Ceremony. We also went to the Career Development Conference in Boston and had a fun-filled day at Rocky-Point.

All-in-all this past year in JBSG has been a unique experience.

FOREIGN EXCHANGE

EXPANDING THEIR HORIZONS

I like America and wish that I could stay here longer. I'm glad I came to Attleboro High School, it gave me a chance to meet many people and make new friends.

Life here, in America, is very different from Spain, but that doesn't mean that it is worse. It just took a while for me to get used to. I also was fortunate enough to meet people of many nationalities. I like many things about America, most of all I like American parties. I find them to be very fun. I also like sports too because they are very competitive. I know I will have a great year here.

Luis Del Hoyo

Hi! I am Takayuki Nomoto from Tokyo, Japan. I am very glad to have studied with you at Attleboro High School. Everything has been a good experience for me. It was a big problem for me to communicate in English, but many people helped me kindly. To learn a different culture is very interesting and valuable. Every country has its own unique culture, and the more our two great cultures know about each other, the better off the world will be. I look forward to any of you coming to my country so that we may also share our culture with you. Thank you very much for supporting my unforgettable year here in the United States.

Hi. My name is Aki Kitani, like a key. Aki means fall in Japanese. I came from Japan as an exchange student, because my dream is to become an airline stewardess. But sometimes I change my mind. Sometimes I want to be a translator. Anyway, in my future I want to use English at my job.

So I wanted to go to America. When I talked to my father and mother about going to America they said, "Oh!! No way." But now I'm in America. I really thank my parents for letting me come.

When I came to America, I was so confused. I didn't know anything. It was a terrible experience for me. But now I can speak a little bit of English.

I think it is going to be the most wonderful year.

Thank You.

(Top L to R) Julia Lorenz, Aki Kitani, Naomi Yoshida, (bottom) Jan Tamminen, Luis Del Hoyo, Takayuki Nomoto

My name is Julia Lorenz, I am an exchange student from Darmstadt, Germany.

I'm here now for four months and it is interesting for me to learn about all the differences between here and Germany — especially the language!

I like that many students here are very friendly and when teachers don't need a pass when students are about 0.1 seconds late . . .

I loved the field trip to New York, Drama club, and band and I hope to participate in the Close-Up program to Washington, D.C.

Hey goobs! I'm Jan, your exchange from Finland. I'd like to say that I had an awesome time while here. Unfortunately I couldn't stay longer, perhaps I can come to visit here someday.

It was fun to do the track and go some places with American people. Actually, American and Finnish young people aren't that different. Both like having parties, etc., fun. Sometimes, however, it was a little bit boring, mostly I had something to do.

I hope that some guys or gals got to know something about Finland. It was funny to hear what people thought about my country. Like that we'd live in igloos, eat constantly reindeer and wear moccloocks. The best one was that do we have water running in the pipes. It was really educational to tell about Finland.

Anyway, thanks to you! I wish you have nice time after high school. And I'd like to say special thanks to the quartet Matt M., Colleen, Aaron and Jeff, who were always so kind.

Sincerely,
Jan Tamminen

Hello! My name is Naomi Yoshida. I am an exchange student from Japan. I live in Tokyo. It's the greatest city in Japan.

This is the second time I've come to the U.S.A. The first time, I stayed in Portland, Oregon, for a month. I visited L.A. and San Francisco, and then I went to Oregon with my schoolmates. It was a great trip, but it was too short a stay. So, after that trip, I decided to take an examination to become an exchange student. The examination was pretty hard. I had to answer about 200 questions in English grammar, English listening and English reading. After the test, I was interviewed by the English program coordinator. He asked me why I wanted to become an exchange student. But, I could not speak English very well, so I couldn't convey all that I really thought. At that time I thought I had failed the test. But!! Miraculously I had passed the test! It was amazing!

Before I came here, I was very excited and nervous, because it would be my first time living in the U.S.A. I was concerned about everything: my new host family, my new high school, my homesickness and my life in America. However, everything is fine. Of course, I sometimes get homesick I miss my family, my friends and everything Japanese, but that's natural, because of the culture difference and because I live apart from my country. I think it's a good chance for me to be independent. This experience is very good for me.

I'm glad to be one of A.H.S.'s students. I love A.H.S. as much as my high school named Shibuya Girls' Senior High School in Tokyo. I will never forget you, A.H.S., and this school year in Attleboro.

Love Ya!!!

TV PRODUCTION I-IV

FOCUSING IN

Television production is made up of many different groups according to the years involved. Each group learns how to operate the many kinds of equipment, including video cameras and an editing machine. This equipment along with sound track, graphics, special effects, and a creative imagination helps the student to better their performance in projects, assignments, and actual television programs. The students study communicating an directing skills, which enables them to perform at ease in front of cameras. TV Production students are responsible for the many programs seen on the cable channel 49. They put together many different stories including sports, spirit week, rallies, interviews, powderpuff football, dances, and perform in their own videos, movies, and short skits.

BAND

SPIRIT MARCHES ON

The band has come a long way this year. The spirit of the band has risen to the highest its has ever been in the past decade. We've proven it to ourselves in many ways. Through a "new" attitude we've: increased the volume of the band; tripled the size of our colorguard; and added a great new addition, "the majorettes." By representing the city at certain functions, and performing a spectacular field show we've also made our city and school proud of us. We've proven it to ourselves that our hard work and determination have paid off. However, we could've never made it if we didn't have the people who support us all the way. We owe many thanks to the band parents and Mr. Perlman for making it all come together for us.

SENIOR LOUNGE

OUR FAVORITE PLACE TO BE!

Senior Lounge — the only place seniors want to be besides home in bed. Since the Senior Lounge was given to the kindergarten this year, the Seniors were forced to find a new home. Where else but in B2! Senior Lounge is the perfect place to do homework, talk to friends, eat, gossip, and — most importantly — catch some z's. Senior Lounge is probably the period that most underclassmen will most look forward to in their coming years.

THE SPIRIT OF A.H.S.

Everyone rushes towards the big gym around 1:15, anxiously awaiting the start of the rally. The entire gym vibrates with the pounding music of the band. Everyone screams and cheers for so long, while Mr. Struminski tries to quiet us.

That's how a typical rally at Attleboro High School usually goes. These rallies bring us together as a school, supporting our teams, and our classes. Without rallies, when would we be able to yell and scream for no good reason?

The floats this year were all a great success. Many students worked hard together to create a float to represent their class, and their results were without a doubt the most creative Attleboro High has ever seen.

AHS cheerleaders achieve another excellent performance!

Shelley wishes Jamie Emerson good luck in the Thanksgiving game.

These girls can't wait for the rally t begin.

POWDERPUFF

PLAYING TO WIN!!

The annual Seniors vs. Juniors powderpuff game was held this year on the Tozier-Cassidy Field on November 4. The senior girls played their best and Kyle Heagney did an excellent job being the only cheerleader. Jenn Mooney strutted her stuff, and with the cooperation of her teammates, scored all of the senior touchdowns. Too bad we can't say the same for the Juniors. Better luck next year.

VARSITY BOOSTER CLUB/ATHLETIC ADVISORY COMMITTEE

HELPING A.H.S. ATHLETES

The Varsity Booster Club and the Athletic Advisory Committee have proven to be very important aspects of A.H.S. athletics. Both of these organizations are comprised of caring parents as well as members of the Attleboro area. Without these dedicated people, many of the programs at A.H.S. would not exist. The Varsity Booster Club allows student athletes to receive their Letterman jackets and they also organize monthly dances which help raise money for A.H.S. athletic programs. For everything these two extremely valuable organizations have done for the Class of 1991 as well as the entire student body of A.H.S. — we would like to thank you for your support and dedication to A.H.S. athletics.

CLASS OF 1991
CONGRATULATIONS
AND
BEST WISHES

The Varsity Booster Club would like to extend sincere congratulations to the Class of '91 . . . The excitement and spirit that you have shared with us will never be forgotten. Carry the "Blue Pride" from A.H.S. with you wherever you go . . . And please return and join the "Booster Club" and rejuvenate some of your energy back to those who follow in your footsteps and have seen what you have done . . . best wishes and good luck!!

Sincerely,

The Varsity Booster Club

In addition to the jackets and dances that the Varsity Booster Club organizes, members were also instrumental in the construction of the new concession stand that is situated on Tozier — Cassidy Field.

KEEPING MEMORIES ALIVE!

The first word that comes to mind when we think of yearbook is "stress," not to mention frustration, anxiety, sleepless nights, and deadlines! Nobody really understands how hard it is to put a yearbook together. Each member has to be truly dedicated, cooperative, and able to handle himself under a lot of pressure. Unfortunately, this year we lost many staff members and were left with more work than we could handle. There are a few to be thankful for, however, the staff that we did have worked tremendously hard to put together an excellent yearbook. After all, the yearbook is our scrapbook for the future! The hard work, in the end, paid off and we are proud of our results.

The 1990/1991 Basketball season was seen by many as a rebuilding year for the A.H.S. boys. Now we have achieved a record of 10 wins against 3 losses. These results have proven the critics wrong, and we are looking for a league championship as well as our 6th straight tournament invitation. We'd like to thank the fans, cheerleaders, and coaches because a team is not able to put together a season of this caliber without continued support. We hope that we can continue the winning tradition and make our fans proud.

BASKETBALL CHEERLEADING

CHEERING ON A VICTORY

This year's squad accomplished more than we ever imagined possible! We are very proud to be the first squad from Attleboro to attend the Nationals in Orlando, Florida. All of our dedication and hard work has made this a year to remember. We would like to thank our coach, Donna Turner, for her guidance and patience. Without her support our squad would not have had the confidence to compete on the national level. Good luck to next year's squad. Set your goals high because you can achieve anything you put your minds to!

Boys' Gymnastics

The Pride of A.H.S.

Going into this year's gymnastics season, we were unsure of how successful we would be. Our first meet proved to us that we had become even better than last year's team. In the first part of the season, we broke the school record for team score and individual event records. The success of the team is due to each member and his enthusiasm to learn. Along with the improvement of the gymnasts, Coach Martin's experience and his ability to coach a winning team has improved. All coaches can help gymnasts to learn, but Mr. Martin is able to convey what each person needs in order for our team to win. Because of this, the team should get increasingly better in the years to come.

PERFORMANCE AND PERFECTION

The gymnastics season this year is a new experience for everyone. We are no longer a part of the Southeastern Mass League. This year we have entered the Eastern Athletic Conference as an independent team. Along with this new league comes many new teams, such as Canton and Case. However, we still compete against our old rival Somerset who has always been a challenging team. This year we have a diverse squad which we hope will help in continuing our winning tradition. Our coaches are also a major factor in the success of Attleboro High Gymnastic Teams. This season we are fortunate to be coached once again by Mike Martin and Julie Wade, as well as Dan Gauvin and Jeff Ferragi. Once we have made it through the ups and downs of competition, we are able to have fun by putting together the traditional Gym Show. This crowd-packing event ends the season and leaves behind the good times and memories of the year.

Giving Their All

That was a close call.

Where'd it go? Where'd it go???

That defense is like a brick wall.

The 1990 field hockey season was not everything that we as a team had hoped it would be. However, as individuals, it gave each and everyone of us a chance to work at mastering skills and striving toward a common goal. Although the goal of a winning season was not accomplished, the goal of working together as a team was mastered! Under the lead of a new head coach we were subject to change. Change is not always easy and may of had some effect on our display of ability. Although the record didn't show that we were a winning team, we were. We had what it took to work together and we all gave it everything we had.

To the team next year we wish you the best of luck and we have faith that you will accomplish every goal that you will accomplish every goal that you set for yourself.

FOOTBALL

Field of Dreams

Senior captains, Shane Sackett, Dave Culhane, and Jason Lawton (missing) Mike Colman.

The A.H.S. Varsity Football Team found great success in 1990. After enduring the hardships of two consecutive losing seasons, the class of 1991 was able to turn it around. This was the year we had all been training and waiting for, and we weren't about to suffer through another losing season. The season started off very positively. Once again, the team traveled to Otis Air Force Base on Cape Cod for summer training camp. This was a chance to discover what type of character the team possessed. It became obvious that this was the year that could revive the football program at A.H.S. During the 1990 season, we compiled a 7-3 record. The players pulled together as a team and decided to settle for nothing less than their best — a winning season. It happened because of many people: the assistant coaches who worked hard and were dedicated to the team, the administration who helped us find a way around all the budget problems, the student body for their support throughout the year cheering us on, and the community who boosted our funding and our morale. The most important thank you of all goes to a man that has shown more dedication and devotion and who has given more time than anyone could imagine. This man has been a best friend, a great advocate, and often a father figure. He was a man who battled against a world of hostility and NEVER GAVE UP! His determination showed us that a winner never quits. That's a lesson that will serve us well not only in the game of football but also in the game of life. Thank you Coach Cap, you're the best! Good luck to next year's team and we wish the greatest success to all future teams.

Soaring To The Eagles

As Captains of the cheerleaders we are very proud of our squad. This summer at camp we united, and achieved many goals. To the three sophomores, we wish you many more successful seasons and good times. To the four juniors, good luck next year and enjoy your last season — it goes by fast! Finally, we would like to thank our coach, Donna Turner. She was an inspiration throughout the year and we wouldn't have been successful without her.

Against the Clock

This year's 1990-91 track team consisted of many dedicated and hard working athletes who were always striving for their best. Our young squad was under the direction of two, terrific new coaches; Julie Collins and her assistant Adam Newman. They were the perfect additions to spark the positive attitude that we needed to come together as a team.

The girls had a very successful season, only losing one league meet, and finishing second overall. While the boys didn't come out as victorious, the many new faces gained the much needed experience to be strong in the future. The laughs, good times, and hard track workouts have created many memories that will never be forgotten! Good luck in the future.

CENTRAL ADMINISTRATION

To the class of 1991:

Congratulations!

There is a Chinese proverb that goes, "May you live in interesting times." As you look back upon your years at Attleboro High School, you will undoubtedly recall these last four years as very interesting times indeed.

Your friendships, experiences, hopes and dreams will grow and, with time, change. However, you will come to realize the friendships and events captured in this yearbook are unique and special. Treasure and honor them.

We in the administration, along with your teachers, wish the very best for each and every one of you. May your future be filled with challenge, growth, and success. It is our hope that your years at Attleboro High will be remembered as high points in a life filled with happiness and accomplishment.

You will live in most interesting of times!

Dear Seniors,

I would like to take this opportunity to congratulate our 1991 Attleboro High School Graduates.

A good many of you are going on to further education, some into the service and the rest directly into the work force. It is my sincere hope that we have provided an atmosphere and environment where you were able to acquire new skills, make long lasting friendships, and accomplish feats large or small that will stay with you for the remainder of your lives.

As a class and as individuals you have maintained your own respect and have brought credit to Attleboro High School. I have been proud to have been associated with you and wish you the very best in your future endeavors.

If in the future you need help, guidance or information, Attleboro High will be here to assist you.

Most Sincerely,
Robert H. Bray,

Guiding Our Futures

"Who am I? What do I want to be? And how do I become what I want to be?" Through a variety of programs — Grade Nine Guidance Groups, small group discussions, individual counseling, parent workshops, and post high school speakers guidance counselors help students sort out "their present" and plan for "their futures." Guidance counselors and resources continue to be available to Attleboro High School Graduates.

Being an office aide in school is a fun and interesting way to spend a free period. Students learn the basics of an office by running errands and answering the phones. We also have time to do our homework that's due next period. Working in guidance also gives you extra time to look in college books and speak with your guidance counselor to help you decide what you'll do after graduation.

James Hall and Joseph Mitnik

Although the art program has gone through some changes because of the money shortage in the school budget, the art work is as strong as ever! Being cut down to minimum classes didn't stop the dedicated students at A.H.S.

The Introductory classes worked on perspective and color. Before the end of the year, they will have tried many 3-D projects. The Junior Advanced Placement class worked on various assignments using their own creativity. The Senior Advanced Placement class went crazy putting together their portfolios before college deadlines. We would all like to thank Mr. Hall and Mr. Mitnik for teaching us so well.

ATTLEBORO INTEGRATED VOCATIONAL SPECIAL NEEDS

Working For Education And Skills

The Attleboro Integrated Vocational Program provides students with the skills and knowledge to obtain a high school diploma in addition to developing vocational skills.

A multisensory and multidisciplined approach to teaching promotes the students' individual strengths in both academic and vocational areas.

While mainstreaming is available, small group or individualized instruction is provided to prepare for any possible mainstreaming assignments.

Respect and citizenship within a high school framework are a point of reference for success in the world of work. Each student's interests and abilities are analyzed in helping in the selection of an appropriate vocational area.

Meeting student's individual needs for services can also be accomplished through an Adjustment Counselor, a Speech Therapist and/or an Adaptive Physical Education Program.

The IEP process for all students includes careful identification and ongoing evaluation of students, as well as parent participation and involvement.

Revving For The Future

Auto shop is very interesting if you take the time to stop and observe it. There are many things that you can learn in auto that can be very useful to you.

In auto shop, there is a lot of very hard work involved. The students are always working to help other people, even if it is for a grade. In auto, there are a lot of skills that must be learned. The students learn through hands-on experience in the shop. Of course, the teachers must explain lessons and procedures, but most of the work is done in the shop, working on cars. The teachers, Mr. Doyle and Mr. Nolin, also give written tests. Everything on these tests is purely memorization. In auto, you are on your own. This makes it so that students really accomplish something in becoming very skillful in what they do.

The Key To The Future

Tucked away in E Building one will find the Business Department. Here, students pursue occupational training in the areas of secretarial, general-clerical, and accounting.

The Business Department also offers speedwriting, an excellent course for both business and college preparatory students. Another course, Keyboarding, affords students the opportunity to become familiar with the general functions of a computer as well as developing keyboarding proficiency.

Students are afforded the opportunity to utilize their classroom training by participating in our Business Work Experience program. The School Store is also operated by business education students.

Students concentrate on speedwriting.

CHILD CARE

Tending to the Future

In Child Care I students spend half of the year doing book work and projects. The other half of the year is either spent working in the Nursery School or in kindergarten. In Child Care II students spend half of the year in the Nursery School, and the other half working in the community. Students are responsible for making lesson plans, getting the plans ready, and presenting them to the children. They have the Nursery School three days out of the week. The other two days are used for planning. Students usually go out into the community every day.

ELECTRICITY

A Spark In Your Future

It is the expectations of our teachers that we retain most of what we have learned. Here at Attleboro High School we have learned through top-notch training, unmatched instructors and up to the minute, modern technology afforded us by the electrical trades department.

The course is 3 years in length and includes residential, industrial, and commercial wiring and motor control technology. Signaling devices are covered in depth as well as are state and local code requirements dealing with all the phases of our trade area.

When we graduate in this, our senior year, we hoped to have mastered what we have been taught and chosen as our particular field of study.

ENGLISH

Appreciating Our Language

Mrs. Andrea Soucy

English at AHS is always the SAME OLD THING, right? Wrong. There were some really strange things going on up on the third floor this year: students were seen swordfighting, watching movies, listening to music, composing plays, typing on computers, and reading books by writers from everywhere in the world. English classes were not always quiet — we had a great deal to laugh, argue, talk . . . and complain about (NOT ANOTHER FIVE PAGE PAPER . . . PLEASE???). The more things change, the more they stay the same

FOREIGN LANGUAGE

Exposure To Other Cultures

The Department of Foreign Languages offers four years of study in Spanish and French, as well as three years of Portuguese. The department is known for its varied and timely field trips to theatre performances, museums and restaurants. Every year the department has its annual International Food Fair, to which students prepare foods from the country they are studying or from another country of significance to them.

PHYSICAL EDUCATION

Fitness and Fun Go Hand in Hand

Physical Education is a beneficial part of the school system. It presents physical challenge to the students as well as a sense of team spirit. Along with sports such as soccer, basketball, volleyball, softball, and aerobics. Health courses are also included during the school year. Many of the things learned from physical education will stay with students for a life time, and the CPR courses could save a life one day. Audio Visual is an area in our school that is used to make photo copies, get A.V. equipment and lamenations. The bulk of copying for the school is done in this area, Audio Visual equipment is distributed to teachers and students, and all lamenations are done here.

T.V. Production is an elective here at Attleboro High School where students learn hands on how to operate T.V. equipment. Students work with cameras, editors, graphics, and a special effects board. They learn behind camera and in front of the camera from assignments. Students are also responsible for Focus 49, the Attleboro High School access channel, where the coverage of school activities are broadcasted. Everyone works together as a team to pull together and do the best that can be done.

SCIENCE

Knowledge on the Horizon

The Science Department consists of a staff which is well qualified and prepared to offer a variety of programs for students at the high school level. The courses reflect this variety so that students can participate in scientific studies in Biology, Chemistry, Earth Science or Physics at many levels.

All courses include laboratory experiences for hands-on investigations into the major concepts of the discipline. In addition, various media and technologies are available for students to use in order to help them to better understand the principles being studied.

Students are encouraged to participate in a variety of activities including essay contests, science projects, seminars and summer programs to further enhance their backgrounds in the sciences and to help them in future career planning.

SOCIAL STUDIES

People In The Past, Present, And Future

The Social Studies department strives toward making students more aware of the world in which we live. Emphasis is placed both on the history of the world and on the history of the United States, as well as those life skills which will allow students to exercise their rights and responsibilities as citizens in this ever changing world. Students further their knowledge of the environment and to gain a perspective of the future. NURSES/TEEN PARENTING

Health In Action

Our school health program consists of two parts: Health Services and Health Education. Health Services activities are in the form of support services and screening. Services are provided by professional registered nurses and include clinics for the administration of immunizations to meet public health requirements. First aid treatment and follow-up on illnesses are a daily concern. Vision and hearing screening, scoliosis, pediculosis and tuberculosis screening are also part of the state mandated programs held for school health. Home visits to research possible home problems, and referrals to outside agencies for possible health care and treatment, also to meet the requirements of Chapter 766. A tutoring program is implemented to meet the needs of the teenage pregnant student. This is only a small sampling of services provided.

Health Education is taught daily to each student who becomes involved with the school nurse. This education is not part of a teaching curriculum, but is given on an individual basis and is an on going process beginning in Kindergarten and continuing throughout the student's academic life.

The School Health Program is an attempt to promote a health consciousness in students which will enable them to enjoy an overall happy, healthy and confident adulthood.

Making A Difference

-R: Sally Lauletta, Patrice Walsh, Patti Gamboa, Denise Chevrette, Heather Sheehan, Arlene)uperron.

The Teen Parenting Program offers a comprehensive and coordinated program of services for pregnant or parenting teens and day care for their children. The goals of the program are to promote normal growth and development, to protect the health and well-being of the teen parents and their children and to assist families in attaining economic independence through education and job training.

The Teen Parenting Program allows adolescent parents to complete their education while their children are taken care of in a safe and stimulating environment. In addition to child care the staff provides parenting education tutoring and counseling. While in school, teen parents spend lunch and study periods with their children.

The professional staff includes a pediatric nurse and early childhood teacher and instructional aides who assist with the child care in both the toddler and nursery rooms. The aides also serve as the van drivers who provide transportation to school for the program participants.

The Teen Parent Program is jointly funded by the Departments of Occupational Education, Welfare, Social Services and JPTA. Services are provided in accordance with the Office for Children regulations for day care. The program is a designated Voucher Day Care provider which also allows many teen-aged school dropouts with children to attend GED classes in the on-site Bristol Community College Program.

The Teen Parent Program at Attleboro High School has been designated a Model Program by the Southeastern Regional Office of the Department of Education.

EDITOR'S PAGE

It's finally over and done!! We went through many changes this year. We weren't able to have a yearbook class, which made it very difficult to get organized and start working . . . but we did it!

Thanks to Nelson Mare and his staff from Mare Studios, whose flexibility, creativity, and enthusiasm made our job easier.

We'd like to thank our Taylor representative, Conrad Schmidt, whose advice and suggestions kept us on the right track.

Thanks to Peter Salvas for designing the cover and to Marcy Hickman for providing the artwork for the senior divider.

But most of all, this book would never have been possible without the help and support of James Burbank, our advisor. Thanks for all the times your sense of humour got us through the many frequent, frustrating situations and an occasional "ACHING TWITTER." We leave to you and the class of 1992 a yearbook class, a dedicated staff, a clean office, and an impeccable ladder diagram.

Nicole Dufresne
and
Scott Terrien

Thank you

We the class of 1991, would like to take this time to thank some of the people who, during our lives, have helped us reach this point . . . graduation.

Each one of us is different from the other. Whether it be the way we dress, who we associate with, or what we'll do after graduation. We all owe our thanks to those who have helped us along our way . . . teachers, guidance counselors and administrators, for guiding us through our many years of school. Our friend's for lending an ear or a helping hand. Most importantly, our families who have pushed us to succeed in what we have chosen to do through the years.

Last, but not least, a special "thank you" is necessary for the class of 1991's advisors, Mr. Watterson, Mr. Jutras and Mrs. Casey for helping us these past four years. We couldn't have done it without you!

Thank you all for being the "Wind Beneath Our Wings."

The Class of 1991
